Dear Dr. Orthopedic:

I wanted to take this opportunity to thank you for the very pleasant experience that I had when I interviewed for a residency position in orthopaedic surgery on February 3, 2002. The courtesy that I was shown by your colleagues, residents, and staff is greatly appreciated.

I especially enjoyed learning about how well-rounded the orthopaedics program at St. Luke's-Roosevelt is. Plus, the opportunities to rotate at Memorial Sloan Kettering Cancer Center and the duPont Institute ensure that the residents receive outstanding training in all of the facets of orthopaedic surgery. Having grown up on Long Island, and with many friends and family employed and residing in the vicinity, I eagerly look forward to the chance to return to the New York City region. In addition, the camaraderie between and down-to-earth attitudes of the attending physicians and residents would make St. Luke's-Roosevelt a wonderful place to learn and work. These are just a few of the attributes of your orthopaedics program that intrigue me about the opportunity to continue my training there. Now that the interview trail has wound down, I can say with confidence that your program is among my top two choices.

Thank you again for offering me the chance to visit your program and meet with you and your fellow faculty and residents. Please pass along my gratitude to them. If you have any questions whatsoever, or would like any further information to complement my application, please do not hesitate to contact me at (315) 373-5500. I look forward to the opportunity to work with you in the future.

Sincerely,
