Dear Dr. Surgery:

Thank you for the informative and impressive time with your General Surgery residency Program. It was a great pleasure to meet you and learn more about your program. I greatly enjoyed talking about your leadership ideas and experiences, and the important role of surgical training in this area. The morning Ground Rounds presentation was very interesting and informative. I have been on a number of interviews now and I would like to say that my experience at your program was one of the most impressive.

The morning Ground Rounds presentation was very interesting and informative.
